

DATA SHEET

Terminal clamp

Terminal clamp – flat, bolted 2 x M10, with stainless steel separator inside, enables to connect rod to tape. Stainless steel separator inside protects from corrosion between copper and zinc when different metals are connected

Cat. no.	Dimensions		Material
	rod St/Cu mm	tape mm	
C1030472N	14.2; 16	≤ 40	stainless steel 2 mm, stainless steel bolts M10
C1030473N	17.2	≤ 40
