

DATA SHEET

Inspection pits

Enable to control rod – earthing conductor connections with no problems as well as to make time earth resistance measurements.

Pit C1140304 can be mounted in different kind of hardened surfaces (recommended for areas with setts because of specially designed reinforced flange). Pit C1140302 can be mounted in surfaces hardened with concrete or asphalt.

Cat. no.	Dimensions length x width x height x depth mm	Material
C1140302	258 x 258 x 215 x 160	plastic pit with hardened cover
C1140304	260 x 215 x 210 x 110
